June 2013

Dear Friends,

Our ministry last month centered around a team of nine students from Southwest Assemblies of God University (SAGU), led by Eleazar Garza. The majority of them had a strong interest in youth ministry, so we set up two weeks of outreach to teenagers in Lusaka. To see that there was follow-up of those who made decisions for Christ, we coordinated the activities with the youth groups of our church partners. Eighteen churches participated in the planning and execution of some 30 different events that took place.

There were a number of public and private school assemblies in which the SAGU students were free to share their testimonies and the Gospel. The students also went through several neighborhoods, sharing the Gospel with people door-to-door. On the weekends they participated in a number of youth group meetings and Sunday services. The students also conducted an all-day seminar for youth leaders and an area-wide joint youth gathering.

It was a powerful couple of weeks! The SAGU students ministered effectively, and the lives of many were touched for Christ! We were grateful for their ministry and glad we had a part in the setup and execution of the various outreaches!

We Are Heading Your Way!

We are presently winding things down here in preparation for a year of itineration. We are anxious to once again see you, our faithful partners, and share with you in person what has been going on here in Zambia! Please contact us and tell us how we can be involved in your church sometime during the next year! We want to make contact with **ALL** of our supporters!
