Fall 2013

Dear Friends,

We have been back in the States for a while now, and have greatly enjoyed visiting many of our supporting churches, sharing about the growth of the churches in Zambia. Presently we are planning on staying in the States through the Assemblies of God Centennial next August, after which time, if our funds are all raised, we will be returning to Zambia.

If you do not already have a service scheduled with us, please drop us an e-mail or call. We would love to visit you and your church as well!

Our Current Financial Needs

Besides bringing a report of our ministry to our supporters, we are back in the States to raise the funds for another four-year term in Zambia. During the last term, we lost about \$500 in monthly support. That will need to be replaced, plus we will need about \$700 in new monthly support to cover our anticipated expenses. In addition we have a cash budget to raise, part of which will cover the costs to return to Africa.

If all our presently supporting churches would increase their support by \$10 per month, that would cover what we need in our budget and allow us to focus just on those churches currently supporting us. That would be a wonderful blessing! But some are not able to increase their giving, and we need a few to add \$20, \$50, or even \$100 to their current monthly support. Will you prayerfully consider this request?

Our Ministry Plans

We are including our brochure which explains our ministry in Zambia and what we intend to accomplish next term, with God's help.

The growth of the A/G churches in Zambia has been phenomenal—an eight-fold increase since 1990! A key ingredient to further growth is a rapidly increasing number of pastors, evangelists, teachers, and church planters. John will continue to focus on training church leaders at all levels—investing in those God is raising up to lead His church.

Last term Dawn put together a set of materials to help teach Bemba-speaking adult Zambians how to read their Bibles. The need is great, and next term she will seek to identify workers with a burden for this ministry in order to equip them to teach others how to read.

Will You Help?

If you are not currently supporting us, please pray and ask the Lord what He would have you do. We are so grateful for the one hundred and twenty-six churches and individuals currently partnering with us. Your prayers and faithful financial support is what makes our ministry possible. Thank you!
