

## Investing in Africa's church leaders & enabling believers to read God's Word ...to bring in the Harvest!

Fall 2014

During the first part of August we attended the Assemblies of God, USA's Centennial celebration, with about 2000 international guests from about 120 countries around the world. We took part in all the festivities with one of our Zambian church leaders, Bishop Wilson Phiri. This was followed by an Assemblies of God Alliance in Africa meeting. In between meetings we had a chance to show him around Springfield and visit several A/G institutions, such as Global University and Africa's Hope. Being with him made us that more anxious to get back to Zambia!

Bishop Phiri enjoying a meal at Culver's with us and fellow Zambia missionaries Heather Marten and Christine Little!

Also in August, Dawn had a chance to travel to Literacy Evangelism International's office in Oklahoma and show them the modifications she has made to the Bemba literacy materials. Over the past couple of months Dawn has been helping to polish up the edited curriculum which should be placed online sometime soon.

Originally we had hoped to be back in Zambia by this time, but we are still about \$500 short of our monthly budget. This is much better than the \$1200 we needed 3 months ago, however! We are so thankful to a number of you who have responded and made a regular monthly commitment towards our support! We are continuing to visit churches and are believing the remaining amount will come in over the next couple of months so that we will be cleared to return to Africa around the first of the year. Please join us in praying to that end! And if some of you feel prompted by the Lord to help cover part of our shortfall, you can find details on how to support us on our website.

A hearty "Thank you" to everyone who is praying and giving so that we can return to Zambia and equip more leaders to bring in the harvest!
